SCHOOL  
2017-2021

İZMİR ÜNİVERSİTY OF ECONOMICS  
Computer Programming  
2023-2025

## PROFILE

I am a 2nd year student at Izmir University of Economics. I am currently continuing my studies and improving my English level. My skills in coding, problem solving and reaching the problem in the shortest way are at good levels. I want to be a developer in a good company after I graduate. I am sure that I will take my first steps in your company, make your company proud and we will reach good places together.

## WORK EXPERIENCES

- Cashier and Reservation Officer

Since I was a cashier, I was constantly in contact with people and I learned how to greet people with a smile and communicate with people in a clear and understandable language.

## SKILLS

- HTML,CSS,PHP
- JAVA
- C#
- MsSql
